MIGROS BANK AG ("**Migros Bank**") acts as financial issuer (the "**Financial Issuer**") under the MIGROS BANK PROGRAMME.

IMPORTANT GENERAL INFORMATION FOR INVESTORS:

The obligations of the Legal Issuers and the Legal Guarantor are subject to the terms of this Programme, neither the Legal Issuers nor the Legal Guarantor shall have any financial obligations under the Products which go beyond the terms of this Programme. This is particularly relevant in case of a Credit Event, such as Bankruptcy and Failure to Pay of the Financial Issuer (Migros Bank), as defined in the General Terms and Conditions herein.

Investors are ultimately exposed to the credit risk of the Financial Issuer (Migros Bank) only and in no event to the credit risk of the Legal Issuers (EFG Financial Products (Guernsey) Ltd. and EFG Financial Products AG) or the Legal Guarantor (EFG International AG) in cases of insolvency of the Legal Issuers, Legal Guarantor or the Financial Issuer.

Any reference made to the **Issuer or Issuers** in this MIGROS BANK PROGRAMME shall have the meaning of both, the Legal Issuer and the Financial Issuer, otherwise it will specify the Legal Issuer or the Financial Issuer.

The Products may include, but not be limited to, warrants (the "**Warrants**") and structured products (the "**Structured Products**"). The Structured Products may include certificates (the "**Certificates**"), notes (the "**Notes**"), units (the "**Units**"), reverse convertibles (the "**Reverse Convertibles**") or any other form of structured products based on any kind of underlying, including but not limited to shares, depositary receipts, indices, currencies, interest rates, commodities and baskets thereof or a combination thereof.

The MIGROS BANK PROGRAMME and the relevant Final Termsheet shall form the entire documentation for each Product and should always be read in conjunction with each other. In case of inconsistencies between the General Terms and Conditions and the Final Termsheet, the Final Termsheet shall prevail.

Important Information to the Investors relating to insolvency (Credit Event as defined below) of the Financial Issuer, the Legal Issuers or the Legal Guarantor

Financial Issuer

Although EFG Financial Products AG, Zurich or EFG Financial Products (Guernsey) Ltd., St Peter-Port, Guernsey are the Legal Issuers and EFG International AG, Zurich, act as Legal Guarantor of the Products, the Investors understand and accept that they are only exposed to the credit risk of MIGROS BANK (the "**Financial Issuer**"). The Investor bears therefore the credit risk of the Financial Issuer at any time during the lifetime of the Product. In case of a Credit Event of the Financial Issuer, such as Bankruptcy, Failure to Pay (as defined in the Terms and Conditions herein) which makes it impossible for the Financial Issuer to make any payment due under the Products, any and all obligations of the Legal Issuers and Legal Guarantor under this Programme

will automatically become extinct, no matter of the financial situation of the Legal Issuers or the Legal Guarantor. Hence, in case of insolvency of the Financial Issuer, the Investor may incur a partial or total loss.

Legal Issuers and Legal Guarantor

In case of a Credit Event of the Legal Issuers and the Legal Guarantor, such as Bankruptcy, Failure to Pay, as further defined under “Credit Event” in Art. 15 of the General Terms and Conditions herein, which makes it impossible for the Legal Issuers and the Legal Guarantor to make any payment due under the Products, all Products will automatically become due for payment by the Financial Issuer as defined under in Art. 15.1 “Action Upon the Occurrence of a Credit Event” in the General Terms and Conditions herein.

Prospective Investors (as defined in section "Risk Factors" hereafter) should ensure that they understand the nature of the relevant Products and the extent of their exposure to risks and they should consider the suitability of the relevant Products as an investment in the light of their own circumstances and financial condition. Products involve a high degree of risk, including the potential risk of expiring worthless. Potential Investors should be prepared in certain circumstances to sustain a total loss of the capital invested to purchase Products. See section "Risk Factors" (pages 5 et seq.) herein and any additional risk factors as set out in the relevant Final Termsheet.

RISK FACTORS

Certain capitalized terms used in this section are defined in the General Terms and Conditions and/or the relevant Final Termsheet.

*An investment in the Products involves certain risks. If one or more of the risks described below occur, potential investors in the Products (the "**Potential Investors**") may incur a partial loss or even a total loss of their invested capital. Potential Investors should carefully consider the following factors prior to investing in the Products.*

*Investment decisions should **not** be made solely on the basis of the risk warnings set out in the Product Documentation, since such information cannot serve as a substitute for individual advice and information which is tailored to the requirements, objectives, experience, knowledge and circumstances of each Potential Investor individually.*

1. GENERAL RISK FACTORS

1.1 Advice from your Principal Bank

This information is not intended to replace the advice Potential Investors should always obtain from their respective principal bank or any other financial advisor before making a decision to invest in the Products. Only Potential Investors who are fully aware of the risks associated with the investment in the Products and who are financially able to bear any losses that may arise, should consider engaging in transactions of this type.

1.2 Buying Products on Credit

Potential Investors financing the purchase of Products with loans should note that, should their expectations fail to materialise, they would not only have to bear the loss resulting from the investment in the Products, but also have to pay interest on the loan as well as repay the principal amount. It is therefore imperative that Potential Investors verify their financial resources in advance, in order to determine whether they would be able to pay the interest and repay the loan at short notice should they incur losses instead of realising the anticipated profit.

1.3 Independent Review and Advice

Prior to entering into a transaction, Potential Investors should consult their own legal, regulatory, tax, financial, and accounting advisors to the extent they consider necessary, and make their own investment, hedging, and trading decisions (including decisions regarding the suitability of an investment in the Products) based upon their own independent review and judgment and advice from those advisers they consider necessary.

Furthermore, Potential Investors should conduct such independent investigation and analysis regarding the Issuers and all other relevant persons or entities and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Products. However, as part of such independent investigation and analysis, Potential Investors should consider carefully all the information set forth in the Product Documentation.

Investment in the Products may involve a loss of the capital invested by virtue of the terms and conditions of the Products even where there is no default or insolvency by the relevant Issuer and/or the Legal Guarantor. Potential Investors will at all times be solely responsible for making their own independent appraisal of, and investigation into, the business, financial condition, prospects, creditworthiness, status, and affairs of the relevant Issuer and the Legal Guarantor, respectively. None of the Issuers, the Legal Guarantor, the Lead Manager, the Paying Agent, the Calculation Agent, or any other agent nor any affiliate of any of them (or any person or entity on their behalf) will have any responsibility or duty to make any such investigations, to keep any such matters under review, to provide the Potential Investors with any information in relation to such matters or to advise as to the accompanying risks.

1.4 Investor Suitability

The purchase of the Products involves substantial risks. Potential Investors should be familiar with instruments having the characteristics of the Products and should fully understand the terms and conditions set out in the Product Documentation and the nature and extent of their exposure to risk of loss.

In addition, Potential Investors must determine, based on their own independent review and such legal, business, tax, and other advice as they deem appropriate under the circumstances, that the acquisition of the Products (i) is fully consistent with their financial needs, objectives, and conditions, (ii) complies and is fully consistent with all constituent documents, investment policies, guidelines, authorisations, and restrictions (including as to their capacity) applicable to them, (iii) has been duly approved in accordance with all applicable laws and procedures and (iv) is a fit, proper, and suitable investment for them.

1.5 Changes in Tax Law and Tax Call

The tax considerations set forth in the Product Documentation reflect the view of the Issuers based on the legislation applicable at the date of issuance of the Product Documentation. It cannot, however, be ruled out that the tax treatment by the tax authorities and courts could be interpreted differently or could be subject to changes in the future. Additionally, the tax considerations set forth herein may not be used as the sole basis for the decision to invest in the Products from a tax perspective, since the individual situation of each Potential Investor must also be taken into account. Thus, the considerations regarding taxation contained in the Product Documentation do not constitute any sort of material information or tax advice nor are they in any way to be construed as a representation or warranty with respect to specific tax consequences.

In accordance with the terms and conditions set out in the General Terms and Conditions, the relevant Issuer may redeem all outstanding Products early for tax reasons. Accordingly, Potential Investors should consult their personal tax advisors before making any decision to purchase the Products and must be aware of and be prepared to bear the risk of a potential early redemption due to tax reasons. The Issuers and/or the Legal Guarantor and the Lead Manager do not accept any liability for adverse tax consequences of an investment in the Products.

1.6 Effect of Ancillary Costs

Commissions and other transaction costs incurred in connection with the purchase or sale of Products may result in charges, particularly in combination with a low order value, which can substantially reduce any redemption amount. Before acquiring Products, Potential Investors should therefore inform themselves of all costs incurred with the purchase or sale of the Product, including any costs charged by their custodian banks upon purchase and redemption of the Products.

1.7 No Reliance

The Issuers and the Legal Guarantor and the Lead Manager and all of their affiliates, respectively, disclaim any responsibility to advise Potential Investors of the risks and investment considerations associated with the purchase of the Products as they may exist at the date hereof or from time to time hereafter.

1.8 Legality of Purchase

The Issuers and/or the Legal Guarantor and the Lead Manager has/have no and assumes no responsibility for (i) the lawfulness of the acquisition of the Products by Potential Investors or for (ii) the compliance by Potential Investors with any law, regulation or regulatory policy applicable to them.

2. MARKET RISK FACTORS

2.1 General Market Risks

Changes in interest and foreign exchange rates, financial instruments and real estate valuations and increases in volatility can increase credit and market risks and may also affect customer-flow-related revenues.

Concerns about geopolitical developments, oil prices, and natural disasters, among other things, can affect the global financial markets. Accounting and corporate governance scandals in recent years have had a significant effect on investor confidence.

2.2 No Liquidity or Secondary Market

As the Products might not be listed or traded on any exchange, pricing information regarding the Products may be more difficult to obtain and the liquidity of the Products may be adversely affected. The liquidity of the Products may also be affected by restrictions on the purchase and sale of the Products in some jurisdictions.

The Issuers and/or the Lead Manager or any third party appointed by the Issuers, as applicable, intends, under normal market conditions, to provide bid and offer prices for the Products on a regular basis. However, the Issuers or the Lead Manager, as applicable, makes no firm commitment to provide liquidity by means of bid and offer prices for the Products, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. **Potential Investors of Products listed on SIX Swiss Exchange should be aware that SIX Swiss Exchanges generally does not require a mandatory market making for Products listed on SIX Swiss Exchange;** limited exemptions apply for e.g. actively managed certificates

or COSI Products, as required by SIX regulations. Potential Investors therefore cannot rely on the ability to sell Products at a specific time or at a specific price even if the Products are listed or traded on an exchange. Additionally, the Issuers have the right (but no obligation) to purchase Products at any time and at any price in the open market or by tender or private agreement. Any Products so purchased may be held or resold or surrendered for cancellation.

2.3 Expansion of the Spread between Bid and Offer Prices

In special market situations, where the Issuers and/or the Lead Manager is/are unable to enter into hedging transactions, or where such transactions are very difficult to enter into, the spread between the bid and offer prices may be temporarily expanded, in order to limit the economic risks of the Issuer and/or the Lead Manager.

2.4 Emerging Markets

Investments in emerging markets should only be effected by Potential Investors who have a sound knowledge of these markets, who are well aware of and are able to weigh the diverse risks (inter alia political, social, and economic risks, currency, liquidity, and settlement risks, regulatory and legal risks) involved and who have sufficient financial resources to bear the substantial risks associated with such investments.

2.5 Risks Factors associated with Currency Exchange Rates

An investment in Products may involve risk exposure to fluctuations in exchange rates of the relevant currencies in which the Products are denominated and the Underlying is traded or evaluated. For example (i) the Underlying(s) may be denominated in a currency other than that of the Products, (ii) the Products may be denominated in a currency other than the currency of the Investor's home jurisdiction and/or (iii) the Products may be denominated in a currency other than the currency in which an Investor wishes to receive funds.

Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value, regardless of other market forces.

If the Investor's right vested in the Products is determined on the basis of a currency other than the Settlement Currency, or if the value of the Underlying is determined in a currency other than the Settlement Currency, Potential Investors should be aware that investments in these Products could entail risks due to fluctuating exchange rates, and that the risk of loss does not depend solely on the performance of the Underlying, but also on unfavourable developments in the value of such other currency.

2.6 Quanto Feature

If applicable, the Quanto feature cancels the currency exposure on the Product payoff on the Redemption Date or the Expiration Date. Hence, on maturity or expiration, a Product denominated in a currency different from the Underlying's currency, will have a payoff calculated only on the performance of the Underlying, with no account taken for the exchange rate between the two currencies at such time. During the life of the product, this non-exposure to currency may come at a cost or benefit depending on the difference between the domestic and foreign interest rates and the exchange rates between the currencies.

3. RISK FACTORS RELATING TO THE PRODUCTS

Investors are ultimately exposed to the credit risk of the Financial Issuer only and in no event to the credit risk of the Legal Issuers or the Legal Guarantor in cases of insolvency of the Legal Issuers, Legal Guarantor or the Financial Issuer.

3.1 Risk-hedging Transactions

The ability to eliminate or to restrict the initial risks of the Products arising from their purchase by concluding any hedging transactions during their lifetime depends mainly on the market conditions and the terms and conditions of the specific Product. As a consequence, such transactions may be concluded at unfavourable market prices to the effect that corresponding losses may arise.

Potential Investors should therefore not rely on the ability to conclude transactions at any time during the term of the Products that will allow them to offset or limit relevant risks.

3.2 Features of Products on Currencies, Exchange Rates, Commodities, or Precious Metals

In cases where the Underlyings are currencies, exchange rates, commodities, or precious metals, it should be noted that such Underlyings are traded 24 hours a day through the time zones of Australia, Asia, Europe and America. It is therefore possible that a relevant limit, barrier or threshold pursuant to the relevant Final Termsheet may be reached, exceeded, or fallen below outside of local or Lead Manager's business hours.

3.3 Market Disruption Events

In accordance with the terms and conditions set out in the General Terms and Conditions, the Calculation Agent may determine in its sole and absolute discretion (*billiges Ermessen*) that a Market Disruption Event has occurred or exists at a relevant time. Any such determination may have an adverse effect on the market value of the Products.

3.4 Other Factors affecting Market Value

The market value of a Product is determined not only by changes in the price of the Underlying, but also a number of other factors. Since several risk factors may have simultaneous effects on the Products, the effect of a particular risk factor cannot be predicted. In addition, several risk factors may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the market value of the Products.

These factors include, *inter alia*, the terms and conditions of the specific Product, the frequency and intensity of price fluctuations (volatility) in the Underlying, as well as the prevailing interest rate and the creditworthiness of the Financial Issuer, which may change during the lifetime of the Product. A decline in the market value of the Product may therefore occur even if the price or level, as the case may be, of the Underlying remains constant or increases.

Potential Investors should be aware that an investment in the Products involves a valuation risk with regard to the Underlying. They should have experience with transactions in Products with a value derived from an Underlying. The value of an Underlying may vary over time and may increase or decrease by reference to a variety of factors which may include corporate actions, macro economic factors and speculation. If the Underlying comprises a basket of various assets, fluctuations in the value of any one asset may be offset or intensified by fluctuations in the value of other basket components. In addition, the historical performance of an Underlying is not an indication of its future performance. The historical price of an Underlying does not indicate its future performance. Changes in the market price of an Underlying will affect the trading price of the Products, and it is impossible to predict whether the market price of an Underlying will rise or fall.

3.5 Information with regard to the Underlying

Information with regard to the Underlying consists of extracts from or summaries of information that is publicly available in respect of the Underlying and is not necessarily the latest information available. The Issuers accept responsibility for accurately extracting and summarizing the Underlying information. No further or other responsibility (express or implied) in respect of the Underlying information is accepted by the Issuers. The Issuers make no representation that the Underlying information, any other publicly available information or any other publicly available documents regarding the Underlying or other item(s) to which the Products relate are accurate, up-to-date, or complete. There can be no assurance that all events occurring prior to the Initial Fixing Date (as defined in the General Terms and Conditions) of the relevant Products that would affect the trading price of the Underlying or other item(s) to which the Products relate (and therefore the trading price and market value of the Products) have been publicly disclosed. Subsequent disclosure of any such events or the disclosure or failure to disclose material future events concerning the Underlying or other item(s) to which the Products relate could affect the trading price and market value of the Products.

3.6 Fluctuations in Market Volatility may affect the Market Value of Products

Market volatility reflects the degree of instability and expected instability of the performance of the equity, debt or commodity market over time. The level of market volatility is not purely a measurement of the actual market volatility, but is largely determined by the prices for derivative instruments that offer Potential Investors protection against such market volatility. The prices of these instruments are determined by forces such as actual market volatility, expected market volatility, other economic and financial conditions and trading speculations.

3.7 Risks of Products on a Share or Basket of Shares

Neither the Issuers nor any affiliates of the Issuers have performed any investigations or review of any company issuing any share, including any public filings by such companies. Potential Investors should not conclude that the inclusion of the shares is any form of investment recommendation. Consequently, there can be no assurance that all events occurring prior to the relevant Issue Date (as defined in the Final Termsheet), that would affect the trading price of the share(s), will have been publicly disclosed. Subsequent disclosure of or failure to disclose material future events concerning a company issuing any Underlying could affect the trading price of the share and therefore the trading price of the Product.

3.8 Investing in the Products is not the same as investing directly in the Underlying

Potential Investors should be aware that the market value of the Products may not have a direct relationship with the prevailing price of the Underlying, and changes in the prevailing price of the Underlying will not necessarily result in a comparable change in the market value of the Products.

As an Investor in Products, Investors will not have voting rights or rights to receive dividends, interest, or other distributions, as applicable, or any other rights with respect to any Underlying share. The responsibility for registration of the Shares, where applicable, is borne by the Investor.

3.9 Possible decline in Underlying Value in case of Delivery of Underlying

To the extent that "Delivery of Underlying" is provided for in the relevant Final Termsheet, Potential Investors should note that any fluctuations in the price of the Underlying between the Expiration Date of the Product and the delivery of the Underlying on the Redemption Date are borne by the Investors. Losses in the value of the Underlying can therefore still occur after the corresponding Expiration Date, and are borne by the Investors.

3.10 Protection Amount

If and to the extent that a capital protection has been declared applicable in the relevant Final Termsheet, the Products will be redeemed for an amount no less than the specified protection. A capital protection may apply at a level below, at, or above the nominal of the Product. The capital protection, if any, will not be due if the Products are redeemed prior to their Redemption Date or upon the occurrence of a Market Disruption Event or upon the occurrence of a Tax Call (as defined in the General Terms and Conditions). If no capital protection is applicable, the full amount invested by the Investor may be lost. Even if a capital protection applies, the return may be less than the capital protection specified on the Final Termsheet. The payment of the protection amount may be affected by the condition (financial or otherwise) of the relevant Issuer and the Guarantor.

In particular, Investors are still exposed to the credit risk of the Financial Issuer (see 3.4 above).

Investors must be willing and prepared to hold their Product until the Expiration Date. The invested amount is protected only if the Investor holds the Product until the Expiration Date. If an Investor sells the Product in the secondary market prior to the Expiration Date, the Investor will not have capital protection on the Product sold.

3.11 Views of the Issuers and/or Legal Guarantor and Research Reports published by the Issuers and/or the Guarantor

The Issuers and/or the Legal Guarantor and its affiliates may from time to time express views on expected movements in any relevant markets in the ordinary course of their businesses. These views are sometimes communicated to clients who participate in these markets. However, these views, depending upon world-wide economic, political, and other developments, may vary over differing time-horizons and are subject to change. Moreover, other professionals who deal in these markets may at any time have significantly different views from the views of the Issuers and/or the Legal Guarantor and its affiliates. Investors must derive information about the relevant

markets from multiple sources. Investors should investigate these markets and not rely on views which may be expressed by the Issuers and/or the Legal Guarantor or its affiliates in the ordinary course of the Issuers' and/or Legal Guarantor's or its affiliates' businesses with respect to future market movements.

The Issuers and/or the Legal Guarantor, or one or more of its affiliates may, at present or in the future, publish research reports with respect to movements in equity, commodity or other financial markets generally or in the relevant market price specifically. Such research is modified from time to time without notice and may express opinions or provide recommendations that are inconsistent with purchasing or holding the Products. Any of these activities may affect the market value of the Products.

3.12 Products listed on SIX Swiss Exchange may be suspended from trading

SIX provides for rules determining admissible underlying instruments for derivatives (including Structured Products). It cannot be excluded that during the lifetime of the Product, the Underlying is suspended from trading or de-listed from SIX or any other applicable exchange for reasons beyond reasonable control of the Issuers and/or Guarantor. In case the Underlying of a Product is suspended from trading or de-listed, this might have material adverse effects on the Product and/or, among other reasons, might also lead to the suspension or de-listing of the Product.

In addition, it cannot be excluded that the Products may be suspended from trading or de-listed from SIX during the lifetime of the respective Product for other reasons.

3.13 No Supervision by the Swiss Financial Market Supervisory Authority (FINMA)

The Products are derivative financial instruments which do not qualify as units of a collective investment scheme according to the relevant provisions of the CISA, as amended, and are not registered thereunder. Therefore, the Products are neither governed by the CISA nor supervised by the FINMA. Accordingly, the Investor does not have the benefit of the specific investor protection provided under the CISA. Investors should be aware that they are exposed to the credit risk of the Issuers and the Guarantor.

4. RISK FACTORS RELATING TO THE ISSUERS AND THE LEGAL GUARANTOR

4.1 Non-reliance on Financial Information of the Issuer

As a financial services provider, the business activities of the Issuer is affected by the prevailing market situation. Different risk factors can impair the Issuer's ability to implement business strategies and may have a direct, negative impact on earnings. Accordingly, the Issuer's revenues and earnings are subject to fluctuations. The revenues and earnings figures from a specific period, thus, are not evidence of sustainable results. They can change from one year to the next and affect the Issuer's ability to achieve its strategic objectives.

4.2 General Insolvency Risk

Each Investor bears the general risk that the financial situation of the **Financial Issuer** could deteriorate.

Investors are exposed to the credit risk of the Financial Issuer of the Products only. The Products constitute unsubordinated and unsecured obligations of the Financial Issuer and rank *pari passu* with each and all other current and future unsubordinated and unsecured obligations of the Financial Issuer. The insolvency of the Financial Issuer may lead to a partly or total loss of the invested capital.

4.3 Liquidity

Liquidity and liquidity management are of critical importance. Liquidity could be affected by the inability to access the long-term or short-term debt, repurchase, or securities lending markets or to draw under credit facilities, whether due to specific factors or to general market conditions. In addition, the amount and timing of contingent events, such as unfunded commitments and guarantees, could adversely affect cash requirements and liquidity.

4.4 Competitive and Business Environment

All aspects of business including the business of the Issuers and the Legal Guarantor are highly competitive. The Issuers and the Legal Guarantor's competitive ability depends on many factors, including its reputation, the quality of its services and advice, intellectual capital, product innovation, execution ability, pricing, sales efforts, and the talent of its employees.

4.5 Potential Conflicts of Interest

The Issuers and/or the Legal Guarantor and affiliated companies may participate in transactions related to the Products in some way, for their own account or for account of a client. Such transactions may not serve to benefit the Investors and may have a positive or negative effect on the value of the Underlying and consequently on the market value of the Products. Furthermore, companies affiliated with the Issuers and/or the Legal Guarantor may become counterparties in hedging transactions relating to obligations of the Issuers and/or the Legal Guarantor stemming from the Products. As a result, conflicts of interest can arise between companies affiliated with the Issuers and/or the Legal Guarantor, as well as between these companies and Investors, in relation to obligations regarding the calculation of the price of the Products and other associated determinations. In addition, the Issuers and/or the Legal Guarantor and its affiliates may act in other capacities with regard to the Products, such as Calculation Agent, Paying Agent and/or Index Sponsor.

Furthermore, the Legal Issuers and/or the Legal Guarantor, or affiliated companies of the Legal Issuers and/or Legal Guarantor, may issue other derivative instruments relating to the respective Underlying; introduction of such competing products may affect the market value of the Products. The Issuers and/or the Legal Guarantor and their respective affiliated companies may receive non-public information relating to the Underlying, and neither the Issuers and/or the Legal Guarantor nor any of its affiliates undertake to make this information available to Investors. In addition, one or more of the Issuers and/or the Legal Guarantor's affiliated

companies may publish research reports on the Underlying. Such activities could present conflicts of interest and may affect the market value of the Products.

4.6 Significance of Credit Ratings

Access to the unsecured funding markets is dependent on the Legal Guarantor's credit ratings. A reduction in the Legal Guarantor's credit ratings could adversely affect the Legal Issuer's access to liquidity alternatives and its competitive position, and could increase the cost of funding or trigger additional collateral requirements.

Anticipated or actual upgrades or downgrades in the Legal Guarantor's credit ratings may have an impact on its creditworthiness and, therefore, the market value of a Product.

4.7 Credit Exposure

Credit exposure represents the possibility that a counterparty will be unable to honour its contractual obligations. Although the Issuer actively manages credit exposure daily as part of its risk management framework, counterparty default risk may arise from unforeseen events or circumstances.

4.8 Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal or outsourced processes, people, infrastructure and technology, or from external events. The Issuers seek to minimize these risks through an effective internal control environment.

4.9 Legal, Regulatory, and Reputational Risks

As of September 2005, the Legal Guarantor became regulated by the FINMA as a consolidated supervised entity, and as such, the Legal Guarantor is subject to group-wide supervision and examination by the FINMA, and accordingly, the Legal Guarantor is subject to minimum capital requirements on a consolidated basis. Violation of applicable regulations could result in legal and/or administrative proceedings, which may impose censures, fines, cease-and-desist orders or suspension of a firm, its officers or employees. The scrutiny of the financial services industry has increased over the past several years, which has led to increased regulatory investigations and litigation against financial services firms.

The Financial Issuer is fully regulated by FINMA as a Bank and as such is subject to group-wide supervision and examination by FINMA and subject to regulatory minimum capital requirements.

Violation of applicable regulations could result in legal and/or administrative proceedings, which may impose censures, fines, cease-and-desist orders or suspension of a firm, its officers or employees. The scrutiny of the financial services industry has increased over the past several years, which has led to increased regulatory investigations and litigation against financial services firms.

Legislation and rules adopted in Switzerland have imposed substantial new or more stringent regulations, internal practices, capital requirements, procedures and controls and disclosure requirements in such areas as financial reporting, corporate governance, auditor independence, equity compensation plans, restrictions on the interaction between equity research analysts and

investment banking employees and money laundering. The trend and scope of increased compliance requirements may require the Issuers to invest in additional resources to ensure compliance.

The trend and scope of increased compliance requirements has increased costs necessary to ensure compliance.

The Issuers and the Legal Guarantor may be involved in a number of judicial, regulatory and arbitration proceedings concerning matters arising in connection with the conduct of its business.

4.10 Discounts and Reimbursements by the Issuers and related Conflicts of Interests of Financial Institutions / Remuneration received by the Issuers and/or the Lead Manager from Third Parties

Depending on the circumstances, the Issuers and/or the Lead Manager may sell the Products to banks, securities dealers, and other financial institutions (together the "FI"), who buy the Products for purposes of, or with a view to, on-sale such Products to their clients (i) at a discount of a) up to 2% p.a. to the Issue Price ("**Relevant Fees**"), b) up to 3.5% p.a. to the Issue Price ("**Significant Fees**") or c) more than 3.5% p.a. to the Issue Price ("**Substantial Fees**") (as may be determined in the Final Termsheet), or (ii) at the Issue Price but reimburses an amount of a) up to 2% p.a. of the Issue Price ("**Relevant Fees**"), b) up to 3.5% p.a. of the Issue Price ("**Significant Fees**") or c) more than 3.5% p.a. of the Issue Price ("**Substantial Fees**") (as may be determined in the Final Termsheet) to the FI, meaning that if and to the extent such discount or reimbursement, on the basis of statutory law, would have to be forwarded by the FI to the Investor, each Investor hereby takes note and unconditionally accepts that the FI may retain and keep such discount or reimbursement.

In addition, for certain services rendered and in order to increase quality and services relating to Products issued by the Issuers, the Issuers and/or the Lead Manager may from time to time pay trailer fees to distribution partners.

Potential Investors should be aware that such discounts, reimbursements and trailer fees may, depending on the circumstances, cause potential conflicts of interests at the FI; FI are obliged, however, to implement organizational measures designed to prevent that such potential conflicts of interest may adversely affect the interests of their clients. Further information is available from the Issuers, the Lead Manager or the FI.

The Issuers and/or the Lead Manager may receive remuneration, discounts, and/or soft-commissions (the "**Retrocessions**") in the range of up to 2% per annum from third parties, in particular from the issuers, managers or lead managers of financial products or indexes that serve as Underlyings. If and to the extent such Retrocessions, on the basis of statutory law, would have to be credited to the Product or forwarded to the Investor, each Investor hereby takes note and unconditionally accepts that the Issuers and/or the Lead Manager may retain and keep such Retrocessions. Potential Investors should be aware that such Retrocessions may cause potential conflicts of interests at the Issuers and/or the Lead Manager and that there are organizational measures in place, designed to prevent that such potential conflicts of interest adversely affect the interests of the Investors. Further information is available from the Issuers, the Lead Manager, or the FI.

So long as the Products remain registered with the Intermediary, the Products may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e., by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the uncertificated securities (*Wertrechte*) into, or the delivery of, a permanent global certificate (*Globalurkunde*) or definitive Products (*Wertpapiere*).

The records of the Intermediary will determine the number of Products held through each participant in the Intermediary. In respect of the Products held in the form of Intermediated Securities, the holders of the Products (the "Holders") will be the investors (*Anleger*), i.e. (i) the persons, other than intermediaries (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with an intermediary (*Verwahrungsstelle*) and (ii) the intermediaries (*Verwahrungsstellen*) holding the Products for their own account. Any Exercise Notice which purports to exercise Warrants in an amount less than the relevant Minimum Exercise Number shall be void and of no effect.

(ii) Maximum number of Warrants exercisable (in the case of American Style Warrants)

In the case of American Style Warrants, if the Paying Agent determines that the number of Warrants being exercised on any Exercise Date other than the Expiration Date exceeds the maximum exercise number as specified in the Final Termsheet (the "**Maximum Exercise Number**"), the Legal Issuer may deem the Exercise Date for the first Maximum Exercise Number of such Warrants to be such day and the Exercise Date for each additional Maximum Exercise Number of such Warrants to be each of the succeeding Business Days until all such Warrants have been attributed with an Exercise Date, provided, however, that the deemed Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where the number of Warrants exercised on any Exercise Date exceeds the Maximum Exercise Number, the order of settlement shall be chronological, i.e., in the order of receipt of the relevant Exercise Notices. The Legal Issuer may, at any time, in its sole and absolute discretion (*billiges Ermessen*), accept more Warrants than the Maximum Exercise Number for exercise on any Exercise Date.

7.2 Automatic Exercise

The Final Termsheet may specify that Warrants be automatically exercised on the Expiration Date. Then:

- (i) the Investor will not need to deliver an Exercise Notice or to take any other action, unless otherwise specified in the Final Termsheet; and
- (ii) Warrants shall automatically be exercised on the Expiration Date if the Redemption Amount is a positive amount.

Warrants automatically exercised only allow for the payment of the Redemption Amount.

7.3 Exercise Notice

Save in the case of automatic exercise of the Warrants on the Expiration Date, Warrants may only be exercised by an Investor on such day(s) as provided in General Terms and Conditions 5.1 by delivery of a duly completed and signed Exercise Notice to the Paying Agent not later than 12:00 noon (Zurich time) on the relevant Exercise Date or Expiration Date, as the case may be (for Underlying listed in Asia the next following Business Day will be treated as the Exercise Date). If

the duly completed Exercise Notice is received by the Paying Agent (i) on a Business Day after 12:00 noon (Zurich time), (ii) on a day which is not a Business Day, then such Exercise Notice shall be deemed to have been received on the next following Business Day (for Underlying listed in Asia the second following Business Day will apply), which Business Day shall be the Exercise Date, subject to such Business Day being not later than the Expiration Date.

Any Exercise Notice received by the Paying Agent on any Exercise Date, which is not duly completed, shall be deemed to be null and void, and a new duly completed Exercise Notice must be submitted if exercise of the Investors is still desired.

If the Final Termsheet specifies that the Warrants will not be exercised automatically on the Expiration Date, any Warrant which has not been exercised and with respect to which an Exercise Notice has not been duly completed, delivered and received in the manner set out in these General Terms and Conditions 7 at or before 12:00 noon (Zurich time) on the Expiration Date shall become null and void.

7.4 Form of Exercise Notice

The Exercise Notice shall be in the form as may from time to time be agreed by the Legal Issuer and the Paying Agent (and which is available at the specified office of the Paying Agent), and must:

- (a) specify the name and address of the Investor in respect of the Warrants being exercised;
- (b) specify the number of Warrants of the relevant Series being exercised by the Investor (which must not be less than the Minimum Exercise Number);
- (c) specify the number of the account at the relevant Clearing System to be debited with the Warrants being exercised and irrevocably instruct, or, as the case may be, confirm that the Securities Account Holder has irrevocably instructed, the relevant Clearing System to debit the Securities Account Holder's account with the Warrants being exercised and credit the same to the account of the Paying Agent;
- (d) specify the number of the account at the relevant Clearing System to be credited with the Redemption Amount for the Warrants being exercised; or, as the case may be, specify the number of the account with the relevant Clearing System to be credited with the relevant Shares or the delivery details for such Shares;
- (e) include an irrevocable undertaking to the Legal Issuer and the Paying Agent, acting on the Legal Issuer's behalf, to pay any applicable taxes and duties due by reason of exercise of the relevant Warrants, and an authority to the Legal Issuer and the Paying Agent and, in case of unlisted Warrants, the relevant Clearing System (if other than SIS) to deduct an amount in respect thereof from any Redemption Amount due to such Investor or otherwise (on, or at any time after, the Redemption Date) and to debit a specified account of the Investor with an amount in respect thereof;
- (f) certify that the Investor is not a U.S. Person and that the Warrants are not being exercised on behalf of a U.S. Person; and
- (g) specify such other details as the relevant Final Termsheet may require.

7.5 Determination

Upon receipt of an Exercise Notice from an Investor, the Paying Agent shall review each Exercise Notice received in order to ensure that it has been duly completed and that all requirements for a valid exercise of the Warrants have been complied with.

If, in the determination of the Paying Agent:

- (a) the Exercise Notice is incomplete or not in proper form; or
- (b) sufficient Warrants or sufficient funds equal to any applicable taxes and duties and the aggregate Strike Level (if any) are not available in the specified account(s) with the relevant Clearing System on the Exercise Date;

that Exercise Notice will be treated as null and void and a new duly completed Exercise Notice must be submitted if exercise of the Investor's Warrants is still desired.

Any determination by the Paying Agent as to any of the matters set out in these General Terms and Conditions 7.5 shall, in the absence of manifest error or wilful misconduct, be conclusive and binding upon the Issuer, the Investor and the beneficial owner of the Warrants exercised.

7.6 Election by the Legal Issuer in the case of Delivery of Underlying or cash settlement Warrants related to a Share

In the case of Warrants related to a Share in respect of which the Final Termsheet provides that the Legal Issuer can elect Cash Settlement or Delivery of Underlying, the Legal Issuer shall notify the Paying Agent of its choice of delivering or acquiring Shares or paying the corresponding Redemption Amount (if the Redemption Amount is a positive amount) not later than 10:00 a.m. (Zurich time) on the second Business Day following the Exercise Date, and the Paying Agent shall cause the same to be notified to the relevant Clearing System and/or the relevant Securities Account Holder accordingly.

7.7 Effect of Exercise Notice

Delivery of an Exercise Notice shall constitute an irrevocable election and undertaking by the relevant Investor to exercise the Warrants in accordance with these General Terms and Conditions and, in the case of delivery of the Underlying (for the Call Warrants related to a Share), in case of a Call Warrant to pay an amount equal to the Strike Level multiplied by the number of Shares to which the Warrants being exercised relate (the "**Requisite Amount**") or in case of a Put Warrant to deliver the Shares to which the Warrants being exercised relate and in any case the taxes and duties to the Paying Agent (for the benefit of the Legal Issuer), should the Legal Issuer elect Delivery of the Underlying.

7.8 Cash Settlement

(i) Determination and Notification of the Redemption Amount

The Calculation Agent shall, on the next Business Day following the Final Fixing Date, determine, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with

established market practice, the Redemption Amount (if any) to be paid in respect of the Warrants being exercised.

(ii) Cash Settlement on the Redemption Date

Prior to the Redemption Date, the Legal Issuer shall, in respect of the Warrants being exercised, transfer (or cause to be transferred) the Redemption Amount to the Paying Agent, for value on the Redemption Date, and on the Redemption Date the Paying Agent shall, subject to the Warrants being exercised having been transferred and to the payment of the related taxes and duties, if any, having been received, cause an account of the Investor to be credited with such amount for value on the Redemption Date.

7.9 Delivery of Underlying

(i) Delivery of Underlying on the Redemption Date

In respect of Call Warrants which have been exercised and in respect of which the Legal Issuer has elected Delivery of Underlying in accordance with General Terms and Conditions 7.6, subject to the payment of the Requisite Amount (plus any applicable taxes and duties, if any) from the relevant account of the Investor to the relevant account of the Paying Agent (in favour of the Legal Issuer), the Legal Issuer shall, prior to the Redemption Date, deliver or procure the delivery of the relevant number of Shares in respect of each Warrant to the Paying Agent for credit to the account of the Investor specified in the relevant Exercise Notice on the Redemption Date. The Legal Issuer shall be entitled, if it so elects, to divide any Shares to be transferred into such number of lots of such size as it desires to facilitate its delivery obligations.

In respect of Put Warrants which have been exercised and in respect of which the Legal Issuer has elected Delivery of Underlying in accordance with General Terms and Conditions 7.6, subject to the delivery of the relevant number of Shares in respect of each Warrant to the Paying Agent for credit to the account of the Legal Issuer, the Legal Issuer shall, prior to the Redemption Date, transfer (or cause to be transferred) the Requisite Amount (less any applicable taxes and duties, if any) to the Paying Agent, for value on the Redemption Date, and on the Redemption Date the Paying Agent shall, subject to the relevant number of Shares having been transferred, cause an account of the Investor to be credited with such amount for value on the Redemption Date.

(ii) Settlement Disruption

If a Settlement Disruption has occurred and is continuing on the last day of the Delivery Period, the Legal Issuer shall in respect of the Warrants being exercised, in lieu of delivering the number of Shares to which these Warrants relate, pay as soon as commercially possible the Redemption Amount and, for the calculation of the Redemption Amount, the Final Fixing Date shall be determined by the Calculation Agent its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice.

Such Redemption Amount shall be determined on the basis of the Fair Market Value of the Share on such Final Fixing Date. The Legal Issuer shall pay the corresponding Redemption Amount (if any) to the Investor as soon as commercially possible in accordance with established market practice.

(iii) Fractions of Shares

No fraction of Share will be transferred by the Legal Issuer and, accordingly, payment to the Investor shall be made by the Legal Issuer in lieu of such fraction of Share calculated by reference to the Redemption Amount.

Warrants exercised at the same time by the same Investor will not be aggregated for the purpose of determining the number of Shares to which such Warrants relate.

7.10 Dividends

These General Terms and Conditions 7.10 is applicable only in relation to Warrants related to a Share and to Warrants related to a Basket of Shares.

In the case of any exercised Warrants, in the event that the relevant Company has declared a dividend in respect of its Shares and the first date on which such Shares are quoted ex-dividend on the Related Exchange falls after the relevant Exercise Date but (a) in the case of Cash Settlement, on or prior to the relevant Final Fixing Date (except where the Final Fixing Date is the Exercise Date) or (b) in the case of Delivery of Underlying, on or prior to the Redemption Date, then, as the case may be:

- (i) in the case of Cash Settlement, the Redemption Amount related to such Share shall be increased by a cash amount equal to such dividends attributable to such Share less the amount equal to the value of any related tax credit(s); or
- (ii) in the case of Delivery of Underlying for Call Warrants related to a Share, the Investor will be entitled to receive a cash amount equal to such dividends attributable to the number of Shares to which such Warrants relate on the relevant Redemption Date less the amount equal to the value of any related tax credit(s).

All Shares delivered upon exercise of the Warrants shall be fully-paid up Shares and shall entitle the holders thereof to participate in full in all dividends and other distributions paid or made on the Shares after the delivery thereof.

8. REDEMPTION OF STRUCTURED PRODUCTS

These General Terms and Conditions 8 are applicable only in relation to Structured Products.

8.1 Minimum and maximum number of Structured Products redeemable

(i) Minimum number of Structured Products redeemable

The minimum number of Structured Products redeemable by any Investor on any Redemption Date will be specified in the Final Termsheet. Any Redemption Notice which purports to redeem Structured Products in an amount less than the relevant Minimum Trading Lot shall be null and void and of no effect.

(ii) Maximum number of Structured Products redeemable (in the case of Open-end Products redeemable on an Early Redemption Date)

In the case of Structured Products redeemable on an Early Redemption Date, if the Paying Agent determines that the number of Structured Products being redeemed on any Redemption Date exceeds the maximum redemption number as specified in the Final Termsheet (the "**Maximum Redemption Number**"), the Legal Issuer may deem the Redemption Date for the first Maximum Redemption Number of such Structured Products to be such day and the Redemption Date for each additional Maximum Redemption Number of such Structured Products to be each of the succeeding Business Days until all such Structured Products have been attributed with a Redemption Date, provided, however, that the deemed Redemption Date for any such Structured Products which would thereby fall after the Redemption Date shall fall on the Redemption Date. In any case where the number of Structured Products redeemed on any day exceeds the Maximum Redemption Number, the order of settlement shall be chronological, i.e. in the order of receipt of the relevant Redemption Notices. The Legal Issuer may, at any time, in its sole and absolute discretion (*billiges Ermessen*), accept more Structured Products than the Maximum Redemption Number for redemption on any Redemption Date.

8.2 Automatic Redemption

Unless previously redeemed, purchased and/or cancelled Fixed-end Products will be redeemed automatically on the Redemption Date, and the settlement will be cash settlement or cash settlement or Delivery of Underlying at the option of the Legal Issuer as specified in the Final Termsheet.

In relation to Fixed-end Products which are automatically redeemed on the Redemption Date the Investor will not need to deliver a Redemption Notice or to take any other action, unless otherwise specified in the Final Termsheet.

8.3 Redemption Notice

If so specified in the Final Termsheet Products may be redeemed by an Investor at such time and on such day(s) as provided in General Terms and Conditions 5.2 by delivery of a duly completed and signed Redemption Notice to the Paying Agent not later than 12:00 noon (Zurich time) on any Exchange Business Day during the Exercise Period. Such Exchange Business Day and in case of Products on an Underlying listed in Asia the next following Exchange Business Day, will be treated as the Final Fixing Date, subject to any Market Disruption Event.

Any Redemption Notice received by the Paying Agent, which is not duly completed, shall be deemed to be null and void and a new duly completed Redemption Notice must be submitted if redemption of the Investors Products is still desired.

8.4 Form of Redemption Notice

The Redemption Notice shall be in the form as may from time to time be agreed by the Legal Issuers and the Paying Agent (and which is available at the specified office of the Paying Agent) and must:

- (a) specify the name and address of the Investor in respect of the Structured Products being redeemed;
- (b) specify the number of Structured Products of the relevant Series being redeemed by the Investor (which must not be less than the Minimum Trading Lot);
- (c) specify the number of the account at the relevant Clearing System to be debited with the Structured Products being redeemed and irrevocably instruct, or, as the case may be, confirm that the Securities Account Holder has irrevocably instructed, the relevant Clearing System to debit the Securities Account Holder's account with the Structured Products being redeemed and credit the same to the account of the Paying Agent;
- (d) specify the number of the account at the relevant Clearing System to be credited with the Redemption Amount for the Structured Products being redeemed; or, as the case may be, specify the number of the account with the relevant Clearing System to be credited with the relevant shares or the delivery details for such shares;
- (e) include an irrevocable undertaking to the Legal Issuers and the Paying Agent, acting on the Legal Issuer's behalf, to pay any applicable taxes and duties due by reason of redemption of the relevant Structured Products, and an authority to the Legal Issuers and the Paying Agent and, in case of unlisted Structured Products, the relevant Clearing System (if other than SIS) to deduct an amount in respect thereof from any Redemption Amount due to such Investor or otherwise (on, or at any time after, the Redemption Date) and to debit a specified account of the Investor with an amount or amounts in respect thereof;
- (f) certify that the Investor is not a U.S. Person and that the Structured Products are not being exercised on behalf of a U.S. Person; and
- (g) specify such other details as the relevant Final Termsheet may require.

8.5 Determination

Upon receipt of a Redemption Notice from an Investor, the Paying Agent shall review each Redemption Notice received in order to ensure that it has been duly completed and that all requirements for a valid redemption of the Structured Products have been complied with.

If, in the determination of the Paying Agent:

- (a) the Redemption Notice is incomplete or not in proper form; or
- (b) sufficient Structured Products or sufficient funds equal to any applicable taxes and duties are not available in the specified account(s) with the relevant Clearing System on the Redemption Date;

that Redemption Notice will be treated as null and void and a new duly completed Redemption Notice must be submitted if redemption of the Investor's Structured Products is still desired.

Any determination by the Paying Agent as to any of the matters set out in these General Terms and Conditions 8.5 shall, in the absence of manifest error or wilful misconduct, be conclusive and binding upon the Legal Issuer, the Investor and the beneficial owner of the Structured Products redeemed.

8.6 Determination of Settlement

- (i) Election by the Legal Issuer in the case of Delivery of Underlying or cash settlement of Structured Products related to a Share

In the case of Structured Products related to a Share in respect of which the Final Termsheet provides that the Legal Issuer can elect to deliver the number of Shares to which the Structured Products being redeemed relate or to pay the Redemption Amount, the Legal Issuer shall notify the Paying Agent of its choice of delivering Shares or paying the corresponding Redemption Amount, if any, not later than 10:00 a.m. (Zurich time) on the **tenth** Business Day prior to the Final Fixing Date and the Paying Agent shall cause the same to be notified to the relevant Clearing System and/or the relevant Securities Account Holder accordingly.

8.7 Effect of Redemption Notice

Delivery of a Redemption Notice shall constitute an irrevocable election and undertaking by the relevant Investor to redeem the Structured Products in accordance with these General Terms and Conditions.

8.8 Termination of Products by Legal Issuer

- (i) Termination of open-end Products

In the case of open-end Products the Legal Issuer may, on any Early Redemption Date specified as such in the Final Termsheet, call the Structured Products by announcing the exercise of its termination right in accordance with General Terms and Conditions 19 (Notices).

- (ii) Termination of fixed-end Products

If applicable, the termination right of the Legal Issuer for fixed-end Products will be further specified in the Final Termsheet and will be announced in accordance with General Terms and Conditions 18 (Notices).

8.9 Termination of Products by Financial Issuer

Following a Credit Event against the Legal Issuer or the Legal Guarantor all Products shall automatically be redeemed by the Financial Issuer in accordance with Art. 15 of these General Terms and Conditions.

The Financial Issuer shall as soon as practicable notify the Investors of such early redemption upon a Credit Event in accordance with General Terms and Conditions 18 (Notices). For purposes of this Section 8.9 the Financial Issuer or any other calculation agent which may be appointed by the Financial Issuer shall determine such Credit Event Redemption Amount in its sole discretion at fair market value. The amount representing the fair market value will be paid to the Investors as

soon as practicable following the occurrence of a Credit Event and the date of determination of the fair market value, but not later than 30 Business Days following the occurrence of the Credit Event.

8.10 Cash Settlement

(i) Determination and Notification of the Redemption Amount

The Calculation Agent shall determine as soon as commercially possible, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice, the Redemption Amount (if any) to be paid in respect of the Structured Products being redeemed.

(ii) Cash Settlement on the Redemption Date

Prior to the Redemption Date, the Legal Issuer shall, in respect of the Structured Products being redeemed, transfer (or cause to be transferred) the Redemption Amount to the Paying Agent, for value on the Redemption Date, and on the Redemption Date the Paying Agent shall, subject to the Structured Products being redeemed having been transferred and to the payment of the related taxes and duties, if any, having been received, cause an account of the Investor to be credited with such amount for value on the Redemption Date.

8.11 Delivery of Underlying (for Structured Products related to a Share)

(i) Delivery of Underlying on the Redemption Date

In respect of Structured Products which have been redeemed and in respect of which Delivery of Underlying applies according to General Terms and Conditions 8.6, the Legal Issuer shall, prior to the Redemption Date, deliver or procure the delivery of the relevant number of Shares in respect of each Structured Product to the Paying Agent for credit to the account of the Investor specified in the relevant Redemption Notice on the Redemption Date. The Legal Issuer shall be entitled, if it so elects, to divide any Shares to be transferred into such number of lots of such size as it desires to facilitate its delivery obligations.

(ii) Settlement Disruption

If a Settlement Disruption has occurred and is continuing on the last day of the Delivery Period, the Legal Issuer shall in respect of the Structured Products redeemed, in lieu of delivering the number of Shares to which these Structured Products relate, pay as soon as commercially possible the Redemption Amount and, for the calculation of the Redemption Amount, the Final Fixing Date shall be decided by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice.

Such Redemption Amount shall be determined on the basis of the Fair Market Value of the Share on the Final Fixing Date decided by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice. The Legal Issuer shall pay the corresponding Redemption Amount (if any) to the Investor as soon as commercially possible in accordance with established market practice.

(iii) Fractions of Shares

No fraction of Share will be transferred by the Legal Issuer and, accordingly, payment to the Investor shall be made by the Legal Issuer in lieu of such fraction of Share calculated by reference to the Redemption Amount.

Structured Products redeemed at the same time by the same Investor will not be aggregated for the purpose of determining the number of Shares to which such Structured Products relate.

8.12 Dividends

These General Terms and Conditions 8.11 are applicable only in relation to Structured Products related to a Share and to Structured Products related to a Basket of Shares.

Provided that the Investor is entitled to any dividend payments relating to a Share, as stated in the Final Termsheet, and in the event that the relevant Company has declared a dividend in respect of its Shares and the first date on which such Shares are quoted ex-dividend on the Exchange falls (a) in the case of cash settlement, on or prior to the relevant Final Fixing Date (except where the Final Fixing Date is the Redemption Date) or (b) in the case of Delivery of Underlying, on or prior to the Redemption Date, then, as the case may be:

- (i) in the case of cash settlement, the Redemption Amount related to such Share shall, in case such dividend has not been paid out separately, be increased by a cash amount equal to such dividends attributable to such Share less the amount equal to the value of any related tax credit(s); or
- (ii) in the case of Delivery of Underlying for Structured Products related to a Share, the Investor will be entitled to receive a cash amount equal to such dividends attributable to the number of Shares to which such Structured Products relate on the relevant Redemption Date less the amount equal to the value of any related tax credit(s).

All Shares delivered upon redemption of the Structured Products shall be fully-paid up Shares and shall entitle the holders thereof to participate in full in all dividends and other distributions paid or made on the Shares after the delivery thereof.

9. MARKET DISRUPTION - RIGHTS ON A MARKET DISRUPTION

9.1 For Products related to a Share and a Basket of Shares

These General Terms and Conditions 9.1 are applicable only in relation to Products related to a Share and Products related to a Basket of Shares.

(a) **Market Disruption Event**

For the purpose of these General Terms and Condition 9 and unless otherwise specified in the Final Termsheet, "**Market Disruption Event**" means, in respect of a Share but is not limited to, (i) the suspension or material limitation of trading of the Share on the Related Exchange or (ii) the suspension or material limitation of trading of options or futures on such Share on the Futures and Options Exchange, for any reason whatsoever.

For the purposes of this definition (1) a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Related Exchange and (2) a limitation on trading imposed during the course of a day by reason of movements in price otherwise exceeding levels permitted by the Related Exchange and/or the relevant Futures and Options Exchange will constitute a Market Disruption Event.

(b) Rights on a Market Disruption Event

If, in the sole opinion of the Calculation Agent, a Market Disruption Event has occurred and is continuing on the Final Fixing Date, then such Final Fixing Date shall be postponed to the next following Exchange Business Day on which there is no such Market Disruption Event. If, in the sole opinion of the Calculation Agent, a Market Disruption Event is continuing, the relevant Final Fixing Date will be determined by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*).

The Fair Market Value of the Share shall then be determined by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice.

In the case of Products relating to a Basket of Shares, the Final Fixing Date for each Share which is not affected by the Market Disruption Event shall be the originally designated Final Fixing Date and the Final Fixing Date for each Share which is affected shall be determined as provided above.

9.2 For Products related to an Index and a Basket of Indices

These General Terms and Conditions 9.2 are applicable only in relation to Products related to an Index and Products related to a Basket of Indices.

(a) Market Disruption Event

For the purpose of these General Terms and Conditions 9.2 and unless otherwise specified in the Final Termsheet, "**Market Disruption Event**" means, in respect of an Index, but is not limited to the occurrence or existence on any Final Fixing Date of the following events:

- (i) a suspension or a limitation is imposed on trading in a material number or percentage of the stocks from time to time comprising the component stocks of an Index or a limitation on prices for such stocks, it being specified that such number or percentage can be determined in the Final Termsheet and that in the absence of such determination a suspension or limitation of trading in 20 percent or more of that Index capitalization (other than limitations on hours in the conditions provided below) shall be deemed to constitute a Market Disruption Event;
- (ii) a suspension or a limitation is imposed (inter alia by reason of movements in prices exceeding the permitted levels) on trading in any futures or options contracts related to an Index which are traded on the Futures and Options Exchange (except if the Calculation Agent determines that such suspension or limitation shall not constitute a Market Disruption Event).

(b) Rights on the occurrence of a Market Disruption Event

If the Calculation Agent determines in its sole and absolute discretion (*billiges Ermessen*) that a Market Disruption Event has occurred and is continuing on any Final Fixing Date then the relevant Final Fixing Date shall be postponed until the next following Exchange Business Day.

If a Market Disruption Event is continuing, the relevant Final Fixing Date and the value for that Index shall then be determined for such date by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice.

In the case of Products relating to a Basket of Indices, the Final Fixing Date for each Index which is not affected by the Market Disruption Event shall be the originally designated Final Fixing Date and the Final Fixing Date for each Index which is affected shall be determined as provided above.

9.3 Rights on the occurrence of a Market Disruption Event for Products relating to any other Underlying

If, in the sole opinion of the Calculation Agent, a Market Disruption Event has occurred and is continuing on the Final Fixing Date, then such Final Fixing Date shall be postponed to the next following Exchange Business Day on which there is no such Market Disruption Event. If, in the sole opinion of the Calculation Agent, a Market Disruption Event is continuing, the relevant Final Fixing Date will be determined by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*).

10. ADJUSTMENTS FOR SECURITIES RELATED TO A SHARE AND A BASKET OF SHARES

These General Terms and Conditions 10 are applicable only in relation to Products related to a Share and Products related to a Basket of Shares.

10.1 Adjustments

The Calculation Agent shall, acting in a commercially reasonable manner and in accordance with established market practice, determine whether or not at any time a potential adjustment event has occurred, being an event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares (the "**Potential Adjustment Event**") and where it determines such an event has occurred, the Calculation Agent will, acting in a commercially reasonable manner and in accordance with established market practice determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Share or Basket of Shares and, if so, will make such adjustment as it in its sole and absolute discretion (*billiges Ermessen*) and in accordance with established market practice considers appropriate, if any, to the Strike Level, the Barrier, the formula for the Redemption Amount and/or the Redemption Amount and/or the Redemption Amount set out in the Final Termsheet, the number of Underlyings to which each Product relates, the number of shares comprised in a Basket, the amount, the number of or type of shares or other securities which may be delivered in respect of such Products and/or any other adjustment and, in any case, any other variable relevant to the exercise, redemption,

settlement or payment terms of the relevant Products as the Calculation Agent determines, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice, to be appropriate to account for that diluting or concentrative effect and shall determine, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice, the effective date(s) of such adjustment(s).

10.2 Merger Event

- (a) Following the occurrence of any Merger Event, the Legal Issuer will, in its sole and absolute discretion but in accordance with established market practice, determine whether or not the relevant Products shall continue.
- (b) If the Legal Issuer determines that the relevant Products shall continue, the Calculation Agent may make such adjustment as it, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice, considers appropriate, if any, to the Strike Level, the Barrier, the formula for the Redemption Amount and/or the Redemption Amount set out in the Final Termsheet, the number of Underlyings to which each Product relates, the number of Shares comprised in a Basket, the amount, the number of or type of shares or other securities which may be delivered under such Products and, in any case, any other variable relevant to the exercise, redemption, settlement, or payment terms of the relevant Products and/or any other adjustment which change or adjustment shall be effective as soon as practical after the date upon which all, or substantially all, holders of the Shares (other than, in the case of a takeover, Shares owned or controlled by the offeror) become bound to transfer the Shares held by them.
- (c) If the Legal Issuer determines that the relevant Products shall be terminated, then the relevant Products shall cease to be exercisable or redeemable as of the Merger Date, (or, in the case of any Products which have been exercised or redeemed but remain unsettled, the entitlements of the respective Investors to receive Shares or the Redemption Amount, as the case may be, pursuant to such exercise or redemption shall cease) and the Legal Issuer's obligations under the Products shall be satisfied in full upon payment of the Merger Event Redemption Amount (as defined below).
- (d) For the purposes hereof:

"**Merger Event**" means in respect of any relevant Shares, as determined by the Calculation Agent, acting in a commercially reasonable manner and in accordance with established market practice, any:

- (1) reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer 20 per cent. or more of such Shares outstanding;
- (2) consolidation, amalgamation or merger of the Company with or into another entity (other than a consolidation, amalgamation or merger in which such Company is the continuing entity and which results in a reclassification or change of less than 20 per cent. of the outstanding Shares); or
- (3) other takeover offer for such Shares that results in a transfer of or an irrevocable commitment to transfer 20 per cent. or more of such Shares (other than such Shares owned or controlled by the offeror);

in each case if the Merger Date is on or before the Expiration Date.

"**Merger Event Redemption Amount**" means an amount which the Calculation Agent, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice, determines is the Fair Market Value to the Investor with terms that would preserve for the Investor the economic equivalent of any payment or delivery (assuming satisfaction of each applicable condition precedent) to which the Investor would have been entitled under the relevant Product after that date but for the occurrence of the Merger Event.

"**Merger Date**" means, in respect of a Merger Event, the date upon which holders of the requisite number of Shares to constitute a Merger Event have agreed to or have irrevocably become obliged to transfer their Shares.

10.3 Nationalisation and Insolvency

- (a) If the Calculation Agent, acting in a commercially reasonable manner and in accordance with established market practice, determines that:
- (i) all the Shares or all the assets or substantially all the assets of the Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity ("**Nationalisation**"); or
 - (ii) by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting the Company (1) all the Shares are required to be transferred to a trustee, liquidator or other similar official or (2) holders of the Shares become legally prohibited from transferring them ("**Insolvency**"),

then the Legal Issuer may determine, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice, that the relevant Products shall be terminated as of the Announcement Date and it shall pay an amount which the Calculation Agent, in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice, determines is the Fair Market Value to the Investor with terms that would preserve for the Investor the economic equivalent of any payment or delivery (assuming satisfaction of each applicable condition precedent) to which the Investor would have been entitled under the relevant Product after that date but for the occurrence of such Nationalisation or Insolvency, in which event the Product shall cease to be exercisable or redeemable (or, in the case of any Products which have been exercised or redeemed, the entitlements of the respective Investors to receive Shares or payment of the Redemption Amount, as the case may be, pursuant to such exercise or redemption, shall cease) and the Legal Issuer's obligations under the Products shall be satisfied in full upon payment of such amount.

- (b) For the purposes hereof, "**Announcement Date**" means, as determined by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice: (i) in respect of a Nationalisation, the date of the first public announcement of a firm intention, to nationalise (whether or not amended or on the terms originally announced) that leads to the Nationalisation; and (ii) in respect of an Insolvency, the date of the first public announcement of the institution of a proceeding or presentation of a petition or passing of a resolution (or other analogous procedure in any jurisdiction) that

leads to the Insolvency.

10.4 Other events

In the case of events other than those described in these General Terms and Conditions 10 which in the sole opinion of the Calculation Agent have an effect equivalent to that of such events, the rules described in these General Terms and Conditions 10 shall apply *mutatis mutandis*.

10.5 Notices of Adjustment

The Legal Issuer shall give notice to the Investors in accordance with General Terms and Conditions 18 (Notices) of any modification in the Conditions of the Products under these General Terms and Conditions 10.

11. ADJUSTMENTS FOR SECURITIES RELATED TO AN INDEX, A BASKET OF INDICES, A COLLECTIVE INVESTMENT SCHEME AND A BASKET OF COLLECTIVE INVESTMENT SCHEMES

These General Terms and Conditions 11 are applicable in relation to Products related to an Index and Products related to a Basket of Indices or according to 11.5 to Products related to a Collective Investment Scheme and Products related to a Basket of Collective Investment Schemes.

11.1 Third Party calculates an Index

In the event that an Index is not calculated by the agreed relevant party (the "**Relevant Party**") but is calculated by another entity which is the successor to the Relevant Party acceptable to the Legal Issuer (the "**Index Third Party**"), the Index Third Party may be substituted to the Relevant Party for the calculation of such Index.

The same provisions will apply in the event that the Index Third Party ceases calculation of that Index but is replaced by another Index Third Party under the same conditions.

In the case of Products relating to a Basket of Indices, the above provisions shall only apply to the relevant Indices and shall not affect the provisions applicable to the Indices which are not affected.

11.2 Third Party announces an Index

In the event that an Index is not announced by the agreed relevant party (the "**Announcing Party**") but is announced by another entity which is the successor to the Announcing Party acceptable to the Legal Issuer (the "**Announcing Third Party**"), the Announcing Third Party may be substituted to the Announcing Party for the announcement of such Index.

The same provisions will apply in the event that the Announcing Third Party ceases announcement of that Index but is replaced by another Announcing Third Party under the same conditions.

In the case of Products relating to a Basket of Indices, the above provisions shall only apply to the relevant Indices and shall not affect the provisions applicable to the Indices which are not affected.

11.3 Modification of calculation or replacement of an Index

In the event that the Relevant Party or the Index Third Party substantially modifies the formula or the method of calculation of an Index or in any other way materially modifies an Index in the event, among others, of changes in constituent stocks or their capitalization, or in the event that the Relevant Party, the Index Third Party, if any, or any competent market authority replaces an Index by a new index to be substituted to that Index, the Legal Issuer may:

- (i) either replace (subject to a favourable opinion of an independent expert designated by the Calculation Agent) that Index by the Index so modified or by the substitute index (as the case may be) multiplied, if need be, by a linking coefficient allowing to ensure continuity in the evolution of the underlying index. In such event, the modified Index or the substitute index (as the case may be) and if need be, the linking coefficient, as well as the opinion of the independent expert, will be notified to the Investors in accordance with General Terms and Conditions 18 (Notices) within the ten Business Days period following the date of modification or substitution of that Index; or,
- (ii) apply the provisions of General Terms and Conditions 11.4.

In the case of Products relating to a Basket of Indices, the provisions of paragraph 11.3(i) above shall only apply to the relevant Indices and shall not affect the provisions applicable to the Indices which are not affected.

11.4 Cessation of calculation of an Index

If, for any reason, on or prior to any Final Fixing Date the Relevant Party or the Index Third Party should cease permanently calculation and announcement of an Index and should not provide for a substitute index, or such substitute index cannot, for any reason, replace that Index, then the Legal Issuer shall:

- (i) in the case of Products related to an Index, terminate its obligations under the Products and pay to each Investor in respect of the Products held by it an amount representing the fair market value of such Products (the "**Fair Market Value**"). The Fair Market Value will be determined by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice.

The Fair Market Value so determined will be notified to the Investors in accordance with General Terms and Conditions 18 (Notices) within the seven Business Days period following the date of determination of the Fair Market Value.

The amount representing the Fair Market Value will be paid to the Investors as soon as practicable within the ten-Business-Day period following the date of determination of the Fair Market Value. For the avoidance of doubt, it is specified that, further to the payment of such Fair Market Value, no other amount shall be due to the Investors.

- (ii) in the case of Products related to a Basket of Indices, at its option, either:
 - (1) use in substitution for such Index (the "**Non Retained Index**"), the other Indices included in the Basket of Indices to which such Products relate, *pro rata* their respective value and weight in the Basket of Indices (the "**Retained Index(ices)**").

Such substitution shall take effect as soon as possible after such change or failure. In such case, the value of the Non Retained Index shall be expressed as a number or fraction of a number of the Retained Index(ices) *pro rata* their respective value and weight in the Basket of Indices; or

- (2) terminate its obligations under the Products and pay to each Investor in respect of the Products held by it an amount representing the fair market value of such Warrants or Structured Products (the "**Fair Market Value**"). The Fair Market Value will be determined by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*), but in accordance with established market practice.

The Fair Market Value so determined will be notified to the Investors in accordance with General Terms and Conditions 18 (Notices) within the seven Business Days period following the date of determination of the Fair Market Value.

The amount representing the Fair Market Value will be paid to the Investors as soon as practicable following the date of determination of the Fair Market Value. For the avoidance of doubt, it is specified that, further to the payment of such Fair Market Value, no other amount shall be due to the Investors.

In the case of events other than those described in these General Terms and Conditions 11 which in the sole opinion of the Calculation Agent have an effect equivalent to that of such events, the rules described in these General Terms and Conditions 11 shall apply *mutatis mutandis*.

11.5 Adjustment of Products related to a Collective Investment Scheme or a Basket of Collective Investment Schemes

The provisions in this section 11 apply analogously to Products related to a Collective Investment Scheme or a Basket of Collective Investment Schemes, taking into account the specific adjustments by the Collective Investment Scheme's management and as determined by the Calculation Agent at its sole and absolute discretion.

12. POSTPONEMENT OF FINAL FIXING DATE ON THE OCCURRENCE OF A FOREIGN EXCHANGE DISRUPTION EVENT

If the Calculation Agent determines that on a Final Fixing Date an FX Disruption Event (as defined below) has occurred and is continuing, the date for determination of the FX Rate (as defined below) shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist (the "**FX Establishment Date**") and the Final Fixing Date in respect of the Products shall be postponed to the Business Day which falls the same number of Business Days after the FX Establishment Date as the Final Fixing Date was originally scheduled to be after the Final Fixing Date (the "**Postponed Final Fixing Date**").

If an FX Disruption Event (as defined below) has occurred and is continuing on the Postponed Final Fixing Date (including any Final Fixing Date postponed due to a prior FX Disruption Event), then the Postponed Final Fixing Date shall be further postponed until the first Business Day following the date on which such FX Disruption Event ceases to exist, or to a date as reasonably determined by the Calculation Agent. For the avoidance of doubt, if an FX Disruption Event coincides with a Market Disruption Event or a Settlement Disruption, as the case may be, the provisions of these General Terms and Conditions 12 shall take effect only after such

postponements or adjustments have been made as a result of such Market Disruption Event or Settlement Disruption Event in accordance with General Terms and Conditions 8 and, notwithstanding the provisions of General Terms and Conditions 8, the Legal Issuer's payment obligation of the Redemption Amount shall continue to be postponed in accordance with the provisions of these General Terms and Conditions 12.

For the purposes of these General Terms and Conditions 12:

"FX Disruption Event" means the occurrence of an event that makes it impossible through legal channels for the Legal Issuer or its affiliates to either:

- (i) convert the Relevant Currency into the Settlement Currency, or
- (ii) deliver the Settlement Currency from accounts within the Relevant Country to accounts outside such jurisdiction, or
- (iii) deliver the Relevant Currency between accounts within the Relevant Country to a person that is a non-resident of that jurisdiction;

"FX Rate" means, unless otherwise specified in the relevant Final Termsheet, the exchange rate (determined by the Calculation Agent in good faith and in a commercially reasonable manner) for the sale of Relevant Currency for Settlement Currency on the Final Fixing Date or other date on which such exchange rate falls to be determined in accordance with the provisions of these General Terms and Conditions 12 expressed as a number of units of Relevant Currency per unit of Settlement Currency.

13. TERMINATION AND CANCELLATION DUE TO ILLEGALITY, ILLIQUIDITY OR IMPOSSIBILITY

The Legal Issuer shall have the right to terminate the Products of any Tranche of any Series if it shall have determined that the Underlying of the relevant Tranche of Products has ceased to be liquid or that compliance by the Legal Issuer with the Conditions shall have become unlawful or impossible in whole or in part, in particular as a result of compliance by the Legal Issuer with any applicable present or future law, rule, regulation, judgement, order, underlying markets or directive of any governmental, administrative, legislative or judicial authority or power or controlling authority or of the relevant competent market authorities. In such circumstances, the Legal Issuer shall, however, pay to each Investor in respect of the Products of any such Tranche of any such Series held by it an amount determined by the Calculation Agent in its sole and absolute discretion (billiges Ermessen"), but in accordance with established market practice, as representing the Fair Market Value of such Products of such Tranche immediately prior to such termination (ignoring such illegality or impossibility). Payment will be made as soon as possible in such manner as shall be notified to the Investors in accordance with General Terms and Conditions 18 (Notices).

If the Legal Issuer determines that the performance of its obligations under the Products or that any arrangements made to hedge the Financial Issuer's obligations have become illegal in whole or in part for any reason, the Legal Issuer may cancel the Products by providing notice to Investors in accordance with General Terms and Conditions 18 (Notices).

If the Legal Issuer cancels the Products then the Legal Issuer will, if and to the extent permitted by applicable law, pay an amount to each Investor in respect of each Product held by a Investor. The amount shall be the fair market value of a Product less the costs incurred by the Legal Issuer when unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion (*billiges Ermessen*). Payments will be made in such manner as will be notified to the Investors in accordance with General Terms and Conditions 18 (Notices).

14. TAXATION/TAX CALL

Each Investor shall assume and be responsible for any and all taxes, duties, fees and charges imposed on or levied against (or which could be imposed on or levied against) such Investor in any jurisdiction or by any governmental or regulatory authority.

The Issuers and the Paying Agent shall have the right, but not the duty, to withhold or deduct from any amounts otherwise payable to the Investor such amount as is necessary for the payment of any such taxes, duties, fees and/or charges.

In any case where any governmental or regulatory authority imposes on the Issuer the obligation to pay any such taxes, duties, fees and/or charges the Investor shall promptly reimburse the Issuer.

The Issuers may redeem all Products in case any present or future taxes, duties or governmental charges would be imposed by any jurisdiction in which the Issuers is or becomes subject to tax as a result of any change in laws or regulations of the relevant jurisdiction. The Issuers shall as soon as practicable notify the Investors of such redemption in accordance with General Terms and Conditions 18 (Notices). For purposes of this Section 14 the Calculation Agent shall determine such Redemption Amount in its sole discretion at fair market value. The amount representing the fair market value will be paid to the Investors as soon as practicable following the date of determination of the fair market value.

15. CREDIT EVENTS

- 1) a legally binding “*Konkurseröffnung*” (Art. 171 DEBA or based on Art. 190 DEBA, Art. 191 DEBA or Art. 192 DEBA, Art. 33 BA);
- 2) “*Bewilligung Nachlassstundung*” (Art 295 DEBA); or

3) “*Bewilligung Notstundung*” (Art. 339 DEBA);

(the date of such legally binding “Konkurseröffnung”, “Bewilligung Nachlassstundung” or „Bewilligung Notstundung“, as the case may be, being the date on which the Bankruptcy occurs).

15.1 Action Upton the Occurrence of a Credit Event of the Legal Issuer and Legal Guarantor

If such a Credit Event has occurred, the Financial Issuer will be required to make a payment of a Credit Event Redemption Amount. Such amount will be paid to Investors by the Financial Issuer within 30 Business Day following the occurrence of a Credit Event.

There shall be no such payment of a Credit Event Redemption Amount if;

- i) the relevant Credit Event has occurred on or prior to the Initial Fixing Date of the relevant Product.
- ii) the Bankruptcy occurred after the Redemption Date of the relevant Product
- ii) the 90 day grace period applicable to a Failure to Pay has come to an end after the **Redemption Date of such Products.**

Investors are entitled to damages only and are not entitled to the remedy of specific performance in respect of a Product.

21. SEVERANCE AND MODIFICATION OF GENERAL TERMS AND CONDITIONS

In the event any term or condition is, or becomes invalid, the validity of the remaining terms and conditions shall in no manner be affected thereby.

The Issuers shall be entitled to amend without the consent of the Investors any term or condition for the purpose of a) correcting a manifest error or b) clarifying any uncertainty, or correcting or supplementing the provisions herein in such manner as the Issuers deems necessary or desirable, provided that the Investor does not incur significant financial loss as a consequence thereof.

However, the Issuers shall at all times be entitled to amend any terms or conditions where, and to the extent, the amendment is necessitated as a consequence of legislation, decisions by courts of law, or decisions taken by governmental authorities.

22. FURTHER ISSUES

The Issuers shall be at liberty from time to time without the consent of the Investors to create and issue further Products, such further Products being assimilated to the Products of any issue, provided that the terms of such Products should provide for such assimilation.

In connection with any exercise by the Issuers of the right of substitution, the Issuer shall not be obliged to carry any consequences suffered by individual Investors as a result of the exercise of such right and, accordingly, no Investor shall be entitled to claim from the Financial Issuer any indemnification or repayment with respect of any consequence.

25. **SELLING RESTRICTIONS**

No action has been or will be taken by the Issuers or the Lead Manager that would permit a public offering of any Products or possession or distribution of any offering material in relation to any Products in any jurisdiction where action for that purpose is required. No offers, sales, resales, or deliveries of any Products or distribution of any offering material relating to any Products may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on the Issuer and/or the Legal Guarantor and/or the Lead Manager.

26. **DISCOUNTS AND REIMBURSEMENTS BY THE LEGAL ISSUER AND RELATED CONFLICTS OF INTERESTS OF FINANCIAL INSTITUTIONS / REMUNERATION RECEIVED BY THE LEGAL ISSUER AND/OR THE LEAD MANAGER FROM THIRD PARTIES**

Depending on the circumstances, the Legal Issuer and/or the Lead Manager may sell the Products to banks, securities dealers, and other financial institutions (together the "**FI**"), who buy the Products for purposes of, or with a view to, on-sale such Products to their clients (i) at a discount of a) up to 2% p.a. to the Issue Price ("**Relevant Fees**"), b) up to 3.5% p.a. to the Issue Price ("**Significant Fees**") or c) more than 3.5% p.a. to the Issue Price ("**Substantial Fees**") (as may be determined in the Final Termsheet), or (ii) at the Issue Price but reimburses an amount of a) up to 2% p.a. of the Issue Price ("**Relevant Fees**"), b) up to 3.5% p.a. of the Issue Price ("**Significant Fees**") or c) more than 3.5% p.a. of the Issue Price ("**Substantial Fees**") (as may be determined in the Final Termsheet) to the FI, meaning that if and to the extent such discount or reimbursement, on the basis of statutory law, would have to be forwarded by the FI to the Investor, each Investor hereby takes note and unconditionally accepts that the FI may retain and keep such discount or reimbursement.

In addition, for certain services rendered and in order to increase quality and services relating to Products issued by the Legal Issuer, the Legal Issuer and/or the Lead Manager may from time to time pay trailer fees to distribution partners.

Potential Investors should be aware that such discounts, reimbursements and trailer fees may, depending on the circumstances, cause potential conflicts of interests at the FI; FI are obliged, however, to implement organizational measures designed to prevent that such potential conflicts of interest may adversely affect the interests of their clients. Further information is available from the Legal Issuer, the Lead Manager or the FI.

The Legal Issuer and/or the Lead Manager may receive remuneration, discounts, and/or soft-commissions (the "**Retrocessions**") in the range of up to 2% per annum from third parties, in particular from the Legal Issuers, managers or lead managers of financial products or indexes that serve as Underlyings. If and to the extent such Retrocessions, on the basis of statutory law, would

have to be credited to the Product or forwarded to the Investor, each Investor hereby takes note and unconditionally accepts that the Legal Issuer and/or the Lead Manager may retain and keep such Retrocessions. Potential Investors should be aware that such Retrocessions may cause potential conflicts of interests at the Legal Issuer and/or the Lead Manager and that there are organizational measures in place, designed to prevent that such potential conflicts of interest adversely affect the interests of the Investors. Further information is available from the Legal Issuer, the Lead Manager, or the FI.

27. GOVERNING LAW

INTRODUCTION OF THE LEGAL GUARANTOR

EFG INTERNATIONAL AG¹

INTRODUCTION

EFG International AG ("**EFGI**") was incorporated and registered in Zurich, Switzerland on 8 September 2005 as a stock corporation (*Aktiengesellschaft*) under Swiss law for an unlimited duration. As from that day, EFGI is registered in the Commercial Register of the Canton of Zurich, Switzerland under the number CH-020.3.028.719-1. EFGI's registered office is located at Bahnhofstrasse 12, 8001 Zurich, Switzerland. The telephone number of EFGI is +41 44 226 1717.

The business address of EFGI's Board and Executive Committee members is Bahnhofstrasse 12, 8001 Zurich, Switzerland.

EFGI and its consolidated subsidiaries (the "**Group**") is a leading global private banking group offering private banking and asset management services, primarily to high net worth individuals but also to institutional Investors. The Group's products and services include investment advisory services, in-house investment products, including funds, structured notes, margin loans and brokerage and trading services, as well as ancillary services, including time deposits and fiduciary placements, current accounts, custody services, foreign exchange execution services and trust services.

Article 2 of EFGI's articles of association dated 29 April 2008 set out the objects of EFGI. Article 2 states that the purpose of EFGI is to hold direct and/or indirect interests in all types of businesses in Switzerland and abroad, in particular in the areas of banking, finance, asset management and insurance, and that EFGI has the power to establish new businesses, acquire a majority or minority interest in existing businesses and provide related financing. In addition, the company has the power to acquire, mortgage and sell real estate properties, both in Switzerland and abroad.

BUSINESS OVERVIEW

EFGI is a holding company for a Swiss bank and other subsidiaries specialising in private banking and asset management. The Group's clients are both private individuals and institutional investors.

The Group's private banking business is centered around Client Relationship Officers (CROs) who work under its brand, supervision and responsibility, but manage clients on their own and have broad discretion in serving the Group's clients and in selecting suitable investment products and services for their clients' portfolios, albeit within its compliance, risk management, product approval and control framework. Subject to compliance with these legal, regulatory, product and internal risk management requirements, the Group's CROs can provide private banking and asset management services to a client in any location. The Group imposes no internal geographic or customer segment restrictions and the Group's management does not re-allocate clients among CROs without mutual agreement.

The Group hires CROs with relevant private banking experience or, in markets where the growth of private banking is relatively recent, an equivalent depth of professional experience. As a result the Group

¹ A copy of EFGI's articles of association setting out the full details of the authorised share and participation capital can be ordered free of charge from EFG International AG, Bahnhofstrasse 12, 8001 Zurich.

has assembled a group of talented, client-focused private bankers with a proven track record of building profitable private client relationships.

Each CRO operates as a separate profit centre or is part of a larger profit centre at his or her discretion and is paid a competitive base salary that corresponds to typical base salaries paid in the private bank market plus a contractually agreed bonus amounting to 15-20 per cent. of his or her "net contribution" (the difference between revenues attributable to the CRO and the direct costs attributable to the CRO).

The Group closely monitors the performance of its CROs, from both a financial and a compliance and risk management point of view, and expects them to meet certain defined performance thresholds. Credit decisions are taken by an independent credit committee.

Product Areas

The Group offers clients a range of investment advisory services, in-house investment products, margin loans and brokerage and trading services, as well as ancillary services, including time deposits and fiduciary placements, custody services and trust services. The Group offers both in-house products and products developed by other banks. The Group's in-house products include structured products, conventional funds and hedge funds.

Investment Advisory Services

Clients handled by the Group's CROs have both discretionary and non-discretionary portfolios. Discretionary accounts are usually managed by the Group's centralised portfolio management service department. The substantial majority of its AUM are in non-discretionary portfolios. The AUM in nondiscretionary portfolios are analysed and monitored by the Group's CROs, who provide tailor-made investment advice to clients, who make the ultimate investment decisions.

The Group advises its clients on individual equity and debt securities, as well as conventional funds, hedge funds and structured investment products. CROs have the discretion to recommend both in-house and third party investment products to clients, and do not receive non-market financial incentives to refer clients to inhouse products nor do they have any sales targets or budgets. In order to ensure that CROs recommend suitable third party products, a global list of approved third party products is maintained. CROs may recommend any of these products to clients and may request that management approve new products if they believe those products are well-suited to a particular client's or group of clients' needs.

Structured Products

The Group offers clients a selection of structured products. These products are often developed because of the needs of a particular client and, if the products are successful, may be offered to other clients. Structured products are typically notes containing embedded derivatives with specified risk and return characteristics. Structured products offered by the Group may be linked to equities, interest rates, foreign exchange rates, commodities, credit and other underlying rates or prices. These products (including their derivative elements) are issued by large third party financial institutions or by entities of EFG Financial Products in accordance with this Programme.

Funds

The Group offers a number of its own funds, including funds managed by C.M. Advisors Ltd such as conventional funds, hedge funds and funds of hedge funds. Some of these funds focus on particular types of investments, such as bonds, cash or stocks, or industries, such as healthcare. Most of the Group's funds utilise a multi-manager approach which capitalises on the collective expertise of its fund managers.

Margin Loans

Virtually all the Group's lending is on a secured basis. The Group offer clients loans secured by pledges over diversified collateral portfolios consisting of primarily investment-grade bonds, equities, cash, insurance policies, hedge funds and real estate properties.

The Group had not suffered any loan losses since its inception, other than in relation to loans which were acquired as part of an acquisition and for which a provision was made at the time of the acquisition.

Brokerage and Trading Services

The Group has a nearly 24-hour trading capability five days a week in major financial markets due to the Group's global presence. This allows the Group to offer its clients efficient execution of trades. Trading operations are based in Geneva with supplemental operations in Hong Kong, London, Miami, Monaco, Stockholm and Zurich. The Group's trading activities are focused on executing trades for clients.

Ancillary Services

The Group offers clients a full range of services which are ancillary to its core investment advisory services, including time deposits and fiduciary placements and foreign exchange trading as well as custody services and trust services.

Time Deposits and Fiduciary Placements

The Group offers clients time deposits and fiduciary placements, each of which provide clients with relatively low-risk interest earning investments.

Time deposits are deposits with one of the Group's banking subsidiaries that can be withdrawn only upon maturity. Fiduciary placements are interest-bearing deposits placed outside Switzerland and deposited in the name of a Swiss depository bank for a fee, but held on a fiduciary basis for a client. Clients bear all the risks and benefits of the placement in order to avoid Swiss withholding tax on deposit interest.

Custody Services

The Group offers clients securities' custody services which complement the Group's other services. The Group generates safekeeping fees in respect of securities that it holds on behalf of clients. Also, the general fees for managing discretionary portfolios include a safekeeping fee for custody services. The Group also offers custody services for securities in portfolios that are managed by third party advisors or clients.

Trust Services

The Group offer its clients a range of trust services. The Group helps its clients to establish a number of different types of trusts and related structures and provide services of trust administration. The Group also acts as corporate trustee on behalf of clients and instruct other service providers.

REGULATION AND SUPERVISION IN SWITZERLAND

At the holding company level, EFGI does not conduct banking, broker-dealer or other regulated operations, so it does not have a banking, broker-dealer or other regulatory licence. It is not therefore subject to Swiss banking and broker-dealer regulations. However, it holds controlling investments in a number of banks and other financial institutions in Switzerland and abroad. Because many of its subsidiaries are subject to banking regulations, EFGI is subject to consolidated supervision by the FINMA.

EFG Group and its subsidiaries also has controlling interests in an international bank that operates principally in Greece and in Central, Eastern and South-Eastern Europe, and provides retail, wholesale and investment banking and other connected services. As a result, the EFG Group is subject to consolidated group regulation and supervision (top level consolidated supervision). While this EFG Group consolidated supervision is being exercised out of Switzerland until the end of the year 2009, it is now exercised by the Bank of Greece.

In addition to this consolidated supervision, EFG Group's operations throughout the world are regulated and supervised by the financial authorities, including central banks, financial services authorities, banking agencies, securities agencies and self-regulatory organisations, in the jurisdictions in which any of the subsidiaries was incorporated and/or has offices, branches or subsidiaries as may be required by local legislations.

The main sources of Swiss financial services regulation are the Swiss Federal Act on Banks and Savings Banks of November 8, 1934 as amended (the Swiss Banking Act) and its Implementation Ordinance of May 17, 1972 as amended (the Swiss Banking Ordinance), the Stock Exchanges and Securities Trading Act of March 24, 1995 as amended (SESTA) and its Implementation Ordinance of December 2, 1996 (SESTO), the Swiss Federal Act on Collective Investment Schemes of 23 June 2006 as amended (the CISA) and its Implementation Ordinance of 22 November 2006 (the CISO), the ordinances, guidelines and circulars issued by the FINMA (FINMA Circulars) and in the Swiss Federal Act regarding the Swiss National Bank of October 3, 2003 (the Swiss National Bank Act). Further regulation exists in the form of guidelines and circulars issued by recognised self-regulatory bodies such as the Swiss Bankers' Association (the Swiss Bankers' Association Guidelines), compliance with which has been made mandatory by the FINMA.

The FINMA is responsible for the continuing supervision of the banking and financial system, including banks and securities dealers. Among other powers, the FINMA has the power to grant and withdraw banking and securities dealing licences, enforce the Swiss Banking Act and SESTA and issue further regulatory requirements through FINMA Circulars. The FINMA is independent from the Swiss National Bank, which is responsible for Swiss monetary policy.

Some of EFGI's Swiss-incorporated subsidiaries are also subject to regulation on an individual basis. EFG Bank AG is regulated as a Swiss bank and a securities-dealer. SIF Swiss Investment Funds SA, Geneva holds a licence authorising it to act as an administration and management company for Swiss investment funds and as a representative for foreign investment funds licensed for public distribution in Switzerland. All licences were granted by the FINMA.

RECENT DEVELOPMENTS SINCE JUNE 2009

Apostolos Tamvakakis has been appointed as Chief Executive Officer of the National Bank of Greece. As a consequence, Mr Tamvakakis has resigned from the Boards of Directors of EFG International and EFG Bank AG.

Besides, there has been no material change in the financial position of EFGI since the publication of EFGI's annual year report for the period ending 31 December 2009.

TAXATION

1. General

Purchasers of Products may be required to pay stamp taxes and other taxes and/or charges in connection with the Products. Prospective purchasers of Products should be aware that transactions involving the Products, any purchase or disposal of or other dealings in a Product, the abandonment of a Product, and any transaction involved in the exercise and settlement or, as the case may be, redemption of a Product, may have tax consequences in any jurisdiction (including, but not limited to, possible liabilities to stamp duties, transfer and registration taxes). Such tax consequences may depend, amongst other things, upon the status of the potential purchaser of a Product. Purchasers of Products should consult their own tax advisers about the tax implications of purchasing and holding a Product, any transaction involving a Product, and any transaction involved in the exercise and settlement or, as the case may be, redemption of a Product.

2. Swiss Taxation

Investors and Prospective Investors are advised to consult with their tax advisers with respect to the Swiss tax consequences of the purchase, ownership, disposition, lapse or exercise or redemption of a Product in light of their particular circumstances.

2.1 Stamp Taxes

Neither the issue of Products nor the trade of Products which classify as pure derivatives for tax purposes are normally subject to Issue Stamp Tax and Swiss Securities Transfer Tax even if an Issuer resident in Switzerland issues the Products. Exemptions to these rules apply to Products which, due to specific features, are considered (debt) financing instruments, share-like or fund-like products for purposes of Swiss tax law. If upon the exercise or redemption of a Product an underlying security is delivered to the Investors, the transfer of the underlying security may be subject to Swiss Securities Transfer Tax (i) of up to 0.15% in the case of an underlying security which has been issued by a Swiss resident issuer or (ii) of up to 0.3% in the case of an underlying security which has been issued by an issuer resident abroad, provided in both cases that a Swiss securities dealer (*Effekthändler*), as defined in art. 13 para. 3 of the Swiss Federal Act on Stamp Duties (*Bundesgesetz über die Stempelabgaben*), is a party to the Products transaction or acts as an intermediary thereto. Certain exemptions may, *inter alia*, apply with regard to institutional Investors such as mutual funds, life insurance companies and social security institutions.

2.2 Swiss Withholding Tax

Products issued by a foreign resident issuer are generally not subject to Swiss withholding tax.

Payments or credit of (deemed) interest or dividends on a Product issued by a Swiss resident issuer may be subject to Swiss federal withholding tax at a rate of 35%. This may apply likewise to payments or credits of yield from Products which classify for tax purposes as fundlike products. Any such payments made on Products issued by a foreign issuer may also be subject to the Swiss federal withholding tax if such Products are guaranteed by a Swiss resident guarantor.

The Investor who is resident in Switzerland may be entitled to a full refund of or a full tax credit for the Swiss federal withholding tax, subject to conditions being met.

A non Swiss resident Investor may be able to claim a full or partial refund of the Swiss federal withholding tax if such a Investor is entitled to claim the benefits with regard to such a payment of a double taxation treaty between Switzerland and his or her country of residence.

2.3 Income Taxation of Products Held by Individuals as Part of Private Property

Gains or losses realised upon a sale or other disposition by Swiss resident individuals holding a Product as part of their private property (private capital gains or losses) are as a rule not subject to income taxation or are not deductible from taxable income respectively. Capital gains may, however, be subject to income taxation, if a Product or a distinguishable part thereof qualifies as a bond where the predominant part of the annual yield is paid in a one time payment (*überwiegende Einmalverzinsung*). Losses arising from predominant one time interest paying bonds may be deducted from gains from similar instruments in the same tax period.

Income derived from a Product which is neither a private capital gain, as set out above, nor a repayment of paid in capital (or face value in case of shares) is generally subject to tax. This applies, *inter alia*, to any issuance discount, repayment premium, other guaranteed payments (besides repayment of capital) or any combination thereof. Payments or credits received by an Investor because of dividends, interest etc. of the Underlying may be subject to income tax for such Investor. This may apply likewise to payments or credits derived from underlying funds.

2.4 Income Taxation of Warrants and Structured Products Held by Swiss Resident Entities or Individuals as Part of Business Property

Income of any kind realised from and losses incurred for business reasons on Products as part of the business property of individuals (including deemed securities dealers due to frequent dealing, debt financing and similar criteria [*Wertschriftenhändler*]) or entities resident in Switzerland are subject to personal income tax or corporate income tax respectively as a part of the overall net income.

2.5 Wealth Taxation of Products Held by Swiss Resident Individuals

Market value of Products may be subject to wealth tax levied on overall net wealth of Swiss resident individuals, regardless of whether the instruments are held as part of the private or business property.

2.6 Savings Directive

On 26 October 2004, the European Community and Switzerland entered into an agreement on the taxation of savings income pursuant to which Switzerland adopts measures equivalent to those of the European Directive 2003/48/EC of 3 June 2003 on the taxation of savings income in the form of interest payments (see section 8 titled "*EU Savings Tax Directive*" below). The agreement came into force as of 1 July 2005.

On the basis of this agreement, Switzerland introduced a withholding tax on interest payments and other similar income paid by a paying agent (as defined in Article 6 of the Agreement of 26 October 2004) within Switzerland to an individual resident in an EU member state. The withholding tax is withheld at a rate of 15% for the first three years beginning with 1 July 2005, 20% for the next three years and 35% thereafter, with the option of such an individual to have the paying agent and Switzerland provide to the tax authorities of the Member State details of the payments in lieu of the withholding. The beneficial owner of the interest payments may be entitled to a tax credit or refund of the withholding, if any, provided that certain conditions are met.

3. Guernsey Taxation

Investors and prospective investors who are resident in Guernsey are advised to consult with their own tax advisers with respect to the Guernsey tax consequences of the purchase, ownership, disposition, lapse or exercise or redemption of a Product in the light of their particular circumstances.

3.1 Stamp Taxes

No stamp duty or document duty will be levied or charged in Guernsey upon the issue of Products or upon the transfer, sale or redemption of Products.

3.2 Guernsey Withholding Tax

EFG Financial Products (Guernsey) Ltd will, with effect from 1st January 2008, be deemed to be resident in Guernsey for the purposes of Guernsey income tax. EFG Financial Products (Guernsey) Ltd will, however, qualify for a zero rate of income tax on its taxable profits.

3.3 Payments of Interest and Redemption Proceeds

Payments of interest and the payment of capital proceeds arising upon the redemption or repurchase of Products to non-Guernsey residents will not be subject to Guernsey withholding tax.

3.4 Capital Taxes

Guernsey does not levy capital taxes upon any gains made by non-Guernsey resident investors on securities or debt instruments issued by Guernsey companies.

3.5 Savings Directive

NOTWITHSTANDING THAT GUERNSEY IS NOT FORMALLY PART OF THE EUROPEAN COMMUNITY, NEVERTHELESS, IN JUNE 2004, THE EUROPEAN COMMUNITY AND GUERNSEY ENTERED INTO AN AGREEMENT ON THE TAXATION OF SAVINGS INCOME PURSUANT TO WHICH GUERNSEY HAS ADOPTED MEASURES WHEREBY SAVINGS INCOME IN THE FORM OF INTEREST PAYMENTS (FALLING WITHIN THE DEFINITION CONTAINED IN THE EU SAVINGS DIRECTIVE) WILL BE SUBJECT TO A RETENTION TAX CURRENTLY AT THE RATE OF 15% PER ANNUM, UNLESS THE EU RESIDENT INDIVIDUAL AUTHORISES DISCLOSURE OF SUCH PAYMENT THROUGH THE GUERNSEY INCOME TAX AUTHORITIES TO THE RELEVANT FISCAL AUTHORITIES IN THE DOMESTIC

JURISDICTION OF THAT EU RESIDENT. THE APPLICATION OF THESE MEASURES, HOWEVER, DEPENDS UPON THE FACT THAT THE PAYING AGENT IS RESIDENT IN GUERNSEY. IN CIRCUMSTANCES WHERE THE PAYING AGENT IN RESPECT OF ANY PRODUCT IS NOT RESIDENT IN GUERNSEY, THEN SUCH GUERNSEY MEASURES WILL NOT APPLY. IT IS THE INTENTION OF THE LEGAL ISSUER TO USE THE SERVICES OF PAYING AGENTS THAT ARE NOT RESIDENT IN GUERNSEY.
