PRODUCT APPROVAL

Leonteq's product approval process assesses the potential outcomes under various modelled scenarios, both adverse and favourable, to ensure that the return expectations are compatible with the product type and within Leonteq's specifications. Where product testing results fall outside of these specifications, or the product type is not a pre-approved payoff, then the product may be presented to the Product Approval Committee for consideration. Approval may be granted at the discretion of the Committee where there are good grounds for doing so. In addition to product testing, Leonteq specifies the target market for the product and appropriate distribution strategy that is consistent with the identified target market.
